Pollution Engineering 1992 Index of Articles

Air Pollution Control

Can Air Toxics and VOC Reduction Goals be Met? **2/15/92,** pg. 54
The Early Bird Wins Long Term (early HAP reduction program) **3/15/92,** pg. 28
New Technology to Meet Air Toxics Regs **3/15/92,** pg. 41
Regenerative Fume Oxidation Destroys VOCs **3/15/92,** pg. 61
Indoors, the Newest Polluted Space **4/1/92,** pg. 58
Emerging Technologies for Air **4/15/92,** pg. 44
Market-based Incentives: A New Approach to Air Pollution Control **4/15/92,** pg. 63
Concentrator Controls Dilute VOC Emissions, Recovers Solvent **4/15/92,** pg. 71
California Air Regs Challenge Plating Operations **4/15/92,** pg. 72
Scrub or Switch: Utilities Face Decision **6/1/92,** pg. 9
Finding a Solution to Your Air Pollution **6/1/92,** pg. 44
Cost Effective Material Selection for FGD Mixers **6/1/92,** pg. 52
Solvent Recovery Reduces Costs and Pollution **6/15/92,** pg. 69
Insulation and Preventive Maintenance Extend Baghouse Life **8/1/92,** pg. 75
Reducing NOx and Particulate **9/1/92,** pg. 76
Prefab Baghouse Insulation Saves Time and Money **9/15/92,** pg. 59
VOC Emissions Reduced in Spray Coating Operations **9/15/92,** pg. 60
Ammonia Emissions Eliminated **9/15/92,** pg. 61
Wet Dust Collector Provides Dust Control **10/15/92,** pg. 15
Dry/Wet Scrubbers for Clean Air Compliance **11/1/92,** pg. 56
Ammonia Fume Control **11/1/92,** pg. 93
Holland Incinerator Upgrades Stack Gas Cleaning **11/15/92,** pg. 57

Hazardous Waste/Materials

PCBs Eliminated Through Cost-Effective Retrofill **1/1/92,** pg. 89
Cracking Dioxin's Secrets **1/15/92,** pg. 19
Health and Safety for PCB Remediation **2/1/92,** pg. 76
On-Site Screening Speeds Sample Analysis **3/15/92,** pg. 36
Emerging Technologies for Haz Waste Treatment **4/15/92,** pg. 50
Where's The Tricky Waste? **5/1/92,** pg. 42
Health Surveillance of Hazardous Materials Workers **5/1/92,** pg. 58
Walk-Through of the New Form R **6/1/92,** pg. 60
The War Between the States **6/15/92,** pg. 36
Solvent Recovery Reduces Costs and Pollution **6/15/92,** pg. 69
Corrective Action's Impact on Business **9/1/92,** pg. 82
Turbine Agitators Installed at Waste Management Facility **10/1/92,** pg. 73
Temporary Carbon System Removes Residual Hydrocarbons **10/15/92,** pg. 17
Holland Incinerator Upgrades Stack Gas Cleaning **11/15/92,** pg. 57

Incineration

Slag Control in Rotary Kiln Incinerators **1/15/92,** pg. 26
How to Choose Incineration Equipment **1/15/92,** pg. 46
Alloy Suited to Corrosive Scrubber Environment **4/1/92,** pg. 76
Tubing-Wire Bundle Carries Stack Sample to Analyzer **6/1/92,** pg. 87
Paint Indicates Hot Spots, Refractory Performance **8/1/92,** pg. 73
Different Routes to VOC Control **9/15/92,** pg. 30
Combustion System Burns Problem Coals & Wastes **9/15/92,** pg. 59
Holland Incinerator Upgrades Stack Gas Cleaning **11/15/92,** pg. 57

Monitoring

Baltimore County Uses Portable Electromagnetic Flowmeter **1/1/92,** pg. 90
Spectrometers Help Reclaim Land and Water from Mining **1/15/92,** pg. 53
Measuring, Sampling and Analyzing Storm Water **3/1/92,** pg. 50
Level Monitors Help Protect Groundwater **3/15/92,** pg. 61
Extending the Range of Microbial Respirometry **5/1/92,** pg. 52
Know Your Detection and Quantitation Limits **5/1/92,** pg. 68
Leak Detector Pinpoints Chemical Leak, Fast **7/1/92,** pg. 84
Remote Sensors Track Remediation Site Data **7/1/92,** pg. 88
Sampler Survives Lengthy Submersion **10/1/92,** pg. 75
Analyzing the Environment **11/15/92,** pg. 34
Labs Move to Cleaner, Safer Extraction Methods **11/15/92,** pg. 40
How to Choose a pH Measurement System **11/15/92,** pg. 44
ICP Helps Ink Maker Analyze, Reduce Toxics **11/15/92,** pg. 58
Probe Pursues Potentially Responsible Parties **12/1/92,** pg. 78

Regulations

EPA Focuses on RCRA Treatment Standards **1/1/92,** pg. 27

Clean Water Act Reauthorization in the Offing **1/15/92,** pg. 23
Court Shakes RCRA Definition of Haz Waste **2/1/92,** pg. 53
Shell Oil: The 'Other' Important Court Holdings **2/15/92,** pg. 29
Guimond Takes Aim at Superfund **2/15/92,** pg. 31
Complying with Storm Water Permits **2/15/92,** pg. 48
EPA Increases Use of TSCA Authorities **3/1/92,** pg. 31
EPA Releases Draft Hazardous Organic NESHAP **3/15/92,** pg. 25
The Early Bird Wins Long Term (early HAP reduction program) **3/15/92,** pg. 28
New Technology to Meet Air Toxics Regs **3/15/92,** pg. 41
Pollution Prevention: EPA/ETAD Projects **4/1/92,** pg. 37
EPA Reinstates RCRA Mixture and Derived-From Rules **4/15/92,** pg. 33
EPA Proposes Ban of Acrylamide and NMA Grouts **5/1/92,** pg. 31
Court Recognizes Environmental Ethics **5/15/92,** pg. 29
EPA's Proposed Grout Ban is Ill-Conceived Rulemaking **6/1/92,** pg. 31
Finding a Solution to Your Air Pollution **6/1/92,** pg. 44
Walk-Through of the New Form R **6/1/92,** pg. 60
EPA Delays Land Disposal Restriction Treatment Rules **6/15/92,** pg. 31
The War Between the States **6/15/92,** pg. 36
Tips for Filing a Storm Water Permit Application **6/15/92,** pg. 50
Excluding Low-Risk Wastes From RCRA Controls **7/1/92,** pg. 37
SPCC Plans Take Preventative Role **7/1/92,** pg. 72
EPA Releases 1991 Form R After Long Delay **8/1/92,** pg. 33
Developing a Facility SPCC Plan **8/1/92,** pg. 64
Competitiveness Council: A Champion of Industry? **9/1/92,** pg. 43
Corrective Action's Impact on Business **9/1/92,** pg. 82
EPA Unveils Superfund Accelerated Cleanup Model **9/15/92,** pg. 21
Superfund Initiatives Favor Lenders, Municipalities **9/15/92,** pg. 25
Long-Awaited Superfund Cost Recovery Rule Proposed **10/1/92,** pg. 29
The RCRA Reform Initiative **11/1/92,** pg. 37
Hazardous Waste Identification Rule Withdrawn **11/15/92,** pg. 19
Superfund Reauthorization Debates Begin **11/15/92,** pg. 23
No More Wrist Slaps **11/15/92,** pg. 26
Oil Pollution Act Impact on Manufacturing **12/1/92,** pg. 41

Pollution Prevention

Modern Agriculture: Polluter or Protector **1/1/92,** pg. 23
Pollution Prevention and Superfund **2/1/92,** pg. 49
Pollution Prevention for Dye Manufacturers **3/1/92,** pg. 27
Pollution Prevention: Shrinking the Waste Stream **3/1/92,** pg. 36
Manufacturer Sees Payback in Pollution Prevention **3/1/92,** pg. 67
Supplier Helps Customer Cut Solvent Waste, Reduce Emissions **3/1/92,** pg. 68
Materials Reclaimed, Less Hazardous Waste Landfilled **3/1/92,** pg. 70
Pollution Prevention Incentives for States **4/1/92,** pg. 33
Pollution Prevention: EPA/ETAD Projects **4/1/92,** pg. 37
EPA Targets Pollution Prevention **5/1/92,** pg. 27
EPA's Voluntary Pollution Prevention Program **6/1/92,** pg. 29
NICE3 Promotes Competitiveness Through Efficiency **7/1/92,** pg. 31
EPA's Industrial Pollution Prevention Project **8/1/92,** pg. 21
Calculating the Benefits of Pollution Prevention **9/1/92,** pg. 33
EPA's Design for the Environment Program **10/1/92,** pg. 25
Protecting Wetlands Through Pollution Prevention **11/1/92,** pg. 33
Green Programs Lead the Way to Pollution Prevention **12/1/92,** pg. 29

Pumps, Pipes and Valves

Valve Repacking Curbs Fugitive Emissions **1/15/92,** pg. 53
Pump Purges and Samples Landfill Monitor Wells **5/1/92,** pg. 77
Shopping for Pumps, Pipes & Valves **8/1/92,** pg. 41
How to Select a Non-metallic Pump **8/1/92,** pg. 50
Dedicated Pumps Simplify Landfill Well Monitoring **8/1/92,** pg. 74
Dry Pump Submersibles Used for Pump Station Renovation **8/1/92,** pg. 74

Remediation, Soil/Groundwater

Operating Issues in Groundwater Extraction and Treatment **2/1/92,** pg. 60
Petroleum-Laden Soil Used in Pavement Project **2/15/92,** pg. 71
On-Site Screening Speeds Sample Analysis **3/15/92,** pg. 36
Groundwater Assessment Techniques are Site-Specific **3/15/92,** pg. 62
Soil Vapor Extraction Removes Subsurface VOCs **4/15/92,** pg. 56
Air Sparging: A New Model for Remediation **7/1/92,** pg. 52
Remote Sensors Track Remediation Site Data **7/1/92,** pg. 88
EPA Unveils Superfund Accelerated Cleanup Model **9/15/92,** pg. 21

Field Inspection Detects Costly Cleanup Problems **9/15/92,** pg. 36
Coal Tars Pose Cleanup Challenge **9/15/92,** pg. 40
Peering Beneath the Surface **10/1/92,** pg. 44
ASTM Transaction Screen Will Lead to More Phase 1's **10/1/92** pg. 65
Waste Characterization and Removal at Superfund Site **10/15/92,** pg. 14
Cutting the Cost of Remediation **11/1/92,** pg. 44
Bioremediation of Contaminated Soil **11/1/92,** pg. 50
Using Public Records to Examine Real Estate **11/1/92,** pg. 72
Bioremediation Cleans Soil Tainted by Pipeline Spill **11/1/92,** pg. 89
Probe Pursues Potentially Responsible Parties **12/1/92,** pg. 78

Software/Computers

Picking Environmental Software **1/1/92,** pg. 44
Software for Assessing Hazardous Chemical Risks **1/1/92,** pg. 70
Surface Modeling Software Helps Design Landfill **1/1/92,** pg. 89
PC-Based Software Automates Emissions Monitoring **1/1/92,** pg. 95
Guide to Federal Environmental Databases **2/1/92,** pg. 83
Macintosh Equipment Review **3/15/92,** pg. 54
Project Management Software Keeps Cleanup on Schedule **3/15/92,** pg. 63
GIS Used to Pinpoint Non-point Source Pollution **4/15/92,** pg. 73
Regulatory Maze Made Manageable with All-in-one Database **5/1/92,** pg. 78
Software Eases Compliance Reporting, MSDS Management **6/1/92,** pg. 86
In-field Computerization of Site Data **10/1/92,** pg. 50
How to Select a Computer Model for Storm Water Management **10/1/92,** pg. 60
Computer Improves WWTP Performance **11/1/92,** pg. 66
Software Speeds Hazardous Substance Compliance Reporting **11/1/92,** pg. 91
Computer Helps California Community Reclaim Wastewater **11/1/92,** pg. 91
Software Eases Compliance Auditing Task, Saves Time **11/15/92,** pg. 57

Solid Waste/Landfills

Surface Modeling Software Helps Design Landfill **1/1/92,** pg. 89
Double Liner Design Exceeds State Landfill Regs **2/1/92,** pg. 100
Land Disposal Restrictions **4/1/92,** pg. 64
On-Site Methane Powers Soil Decontamination Equipment **4/1/92,** pg. 77
Old Tires Converted to Fuel for Coal-Fired Boiler **6/15/92,** pg. 71
Finding the Value in Waste **10/1/92,** pg. 38
Centrifuge Reduced Paint Solid Waste, Cut Disposal Fee **10/15/92,** pg. 16

Storm Water

Storm Water Permit Applications **2/1/92,** pg. 68
Complying with Storm Water Permits **2/15/92,** pg. 48
Measuring, Sampling and Analyzing Storm Water **3/1/92,** pg. 50
Tips for Filing a Storm Water Permit Application **6/15/92,** pg. 50
Sand Filter Processes Storm Water During High Flow **9/1/92,** pg. 95

Tanks/Containment/Liners

Quick Closure Goals Achieved at Remediation Site **2/1/92,** pg. 99
Double Liner Design Exceeds State Landfill Regs **2/1/92,** pg. 100
Geosynthetic Clay Liner Installed at Landfill **2/15/92,** pg. 72
Planning Your UST Management Strategy **3/1/92,** pg. 44
Designing Your Underground Storage Tank System **3/15/92,** pg. 51
Preventing and Responding to UST System Leaks **4/1/92,** pg. 52
Mat System Contains Drillsite Wastes **4/15/92,** pg. 72
Geosynthetic Clay Liners: An Overview **5/15/92,** pg. 44
Urethane Liner Solves Containment Problem on Hillside **5/15/92,** pg. 70
Car Rental Giant Opts for Quality Fuel Storage Tanks **6/1/92,** pg. 85
The Oxidative Induction Time Test **7/1/92,** pg. 58
Five Steps to Effective Secondary Containment **7/1/92,** pg. 68
SPCC Plans Take Preventative Role **7/1/92,** pg. 72
Steel/FRP Tanks Ensure Safe Storage **7/1/92,** pg. 83
The New Wave of Engineered Geotechnical Material **8/1/92,** pg. 58
Developing a Facility SPCC Plan **8/1/92,** pg. 64
Submeter Tracks Power Usage for UST Cleanup Project **10/1/92,** pg. 74

Water/Wastewater/Sludge

Responsible Effluent Disposal **1/1/92,** pg. 78
Synthetic Grease Reduces Bearing Failures at WWTP **2/1/92,** pg. 101
Mobile Generator Safeguards City's Sewage Pumping Stations **2/15/92,** pg. 71
Amphibious Vacuum Cleans Sludge from Industrial Lagoon **2/15/92,** pg. 72
Wastewater Treatment Plant Upgrade Meets Regs **3/1/92,** pg. 67
Wastewater Plant Rehab Includes New Flooring **3/1/92,** pg. 68
On-Site Screening Speeds Sample Analysis **3/15/92,** pg. 36
Floating Cover Challenges Installation Crew **3/15/92,** pg. 64
Biomonitoring Wastewater **4/1/92,** pg. 44

Wastewater Treatment Plant Built in Modules **4/1/92,** pg. 48
Sequencing Batch Reactor Treats Wastewater **4/1/92,** pg. 73
Sliplining Used to Repair Forcemain Failure **4/1/92,** pg. 73
Common Chemical Stops Zebra Mussell Invasion **4/1/92,** pg. 74
Sewer Pipeline Gets Underwater Facelift **4/1/92,** pg. 75
Emerging Technologies for Clean Water **4/15/92,** pg. 39
Extending the Range of Microbial Respirometry **5/1/92,** pg. 52
Pretreatment Removes Contaminants from Industrial Laundry Wastewater **5/1/92,** pg. 78
Wastewater Pretreatment **5/15/92,** pg. 34
Solar Aquatics: Nature's Engineering **5/15/92,** pg. 50
Closed-loop System Recycles VOCs from Refinery Wastewater **5/15/92,** pg. 69
Dissolved Air Flotation Cuts Oil/Grease in Wastewater **5/15/92,** pg. 69
Leased Filter Press Gets Plant Through Interim Phase **5/15/92,** pg. 70
Process Cleans Steel Plant's High Nitrogen Wastewater **5/15/92,** pg. 71
Treating Acid Mine Drainage with BSR **6/1/92,** pg. 66
Salt Dilution as a Tool for Velocity Measurements **6/1/92,** pg. 70
Wastewater in Today's Regulatory Environment **6/1/92,** pg. 77
Polyethylene Pipe Eases Outfall Line Replacement **6/1/92,** pg. 85
Bioremediation/Wetlands Used to Treat Acid Mine Drainage **6/1/92,** pg. 89
Data Compilation for Soil Sorption Coefficient **6/15/92,** pg. 54
Synthetic Gear Lubricant Cuts Cost, Adds Life **6/15/92,** pg. 69
Ozone Treats Cyanide in Electroplating Wastewater **6/15/92,** pg. 70
Conveyors Move Sludge Through Wastewater Plant Upgrade **6/15/92,** pg. 70
Centrifuge Improves Sludge Solids, Enables Beneficial Use **7/1/92,** pg. 83
Wastewater Pretreatment Facility Gets Upgrade **7/1/92,** pg. 86
Portable Unit Offers Interim Solution to Wastewater Plant **8/1/92,** pg. 73
Exploring Wastewater Treatment: A Treasure Chest of Technologies **9/1/92,** pg. 57
New Regulations on Water Quality Permitting **9/1/92,** pg. 68
New Technologies Combine to Treat Wastewater **9/1/92,** pg. 93
Biological Effluent Treatment Designed for Coke Plant **9/1/92,** pg. 94
Hydrocarbon Solubility in Salt Water **9/15/92,** pg. 46
State Park Sits Atop Wastewater Treatment Plant **9/15/92,** pg. 61
Treat Wastewater On Site **10/1/92,** pg. 54
Closed-loop System Controls Sewage Odors **10/1/92,** pg. 71
Evaporators Key to Zero Effluent Pulp Mill **10/1/92,** pg. 71
Hybrid System Delivers Reliable Vacuum for Wastewater Stripper **10/1/92,** pg. 72
Aerator Reduces Solids Buildup **10/1/92,** pg. 75
Grinder Eliminates Clogging at Wastewater Treatment Plant **10/15/92,** pg. 15
Vapor Phase Technology Curbs WWTP Odors **10/15/92,** pg. 15
Computer Improves WWTP Performance **11/1/92,** pg. 66
Sioux City Opts to Land Apply Sludge **11/1/92,** pg. 89
Oil Skimmer Cuts Disposal Costs **11/1/92,** pg. 90
Computer Helps California Community Reclaim Wastewater **11/1/92,** pg. 91
How to Choose a pH Measurement System **11/15/92,** pg. 44
Estimating Parameters for Activated Sludge Plants **12/1/92,** pg. 56
POTWs Can Take Lessons From Contract Operators **12/1/92,** pg. 64
Plant Improves Sludge Incinerator Performance **12/1/92,** pg. 75
Boston Harbor's Solution to Sludge **12/1/92,** pg. 76
Centrifuges Yield Drier Sludge Cake **12/1/92,** pg. 78
Magnesium Hydroxide Neutralizes Plant's Wastewater **12/1/92,**pg. 80
Sludge 'Disappears' from Wastewater Lagoon **12/1/92,** pg. 80
Pressure Filter Cuts Hazardous Sludge **12/1/92,** pg. 81

Miscellaneous

Pollution Liability: Are You Covered? **1/15/92,** pg. 42
Calling in the Calvary (consultants) **2/15/92,** pg. 40
EPA Elevation Could Be Much Ado About Nothing **4/1/92,** pg. 27
Indoors, the Newest Polluted Space **4/1/92,** pg. 58
Good Communication Offers Competitive Edge **4/15/92,** pg. 60
Community Relations Program Plays Role in Site Cleanup **5/1/92,** pg. 77
Technology Developers: Hope You're Not In a Hurry **5/15/92,** pg. 9
Court Recognizes Environmental Ethics **5/15/92,** pg. 29
Complying with the OSHA Lab Standard **5/15/92,** pg. 56
Reconnaissance Mapping Aids Investigation **6/15/92,** pg. 46
Count Your Money (PE career survey) **7/1/92,** pg. 46
Be Prepared. Is This Your Motto? **7/1/92,** pg. 62
Competitiveness Council: A Champion of Industry? **9/1/92,** pg. 43
Peering Beneath the Surface **10/1/92,** pg. 44
Audit Your Environmental Service Vendor **11/1/92,** pg. 63
Using Public Records to Examine Real Estate **11/1/92,** pg. 72
Risk Analysis and Risk Communication **11/1/92,** pg. 78
No More Wrist Slaps **11/15/92,** pg. 26
New Year, New Concerns **12/1/92,** pg. 46
